

Perfined Foreign Bill Stamps Bulletin 268 Pg. 11

Kevin Parkhill had a number of letters from members who have reported perfined dies on Foreign Bill, Contract Note and Inland Revenue Stamps. Some reportings were of Judicature dies such as Royal Courts of Justice etc which are not relevant to this study.

I am sure there is much more information to be found in other collections within the Society. To help jog your memory and make a point of comparison, I will record the dies reported to date on

Foreign Bill Stamps only - (Contract Note s Inland Revenue Stamps in June and August Bulletin). This is a simple list of dies but where the letters appear to be duplicated it does represent a different die. Keep reporting the reign, value and identity.
